interactif pour
former en VR avant
manipulation réel

Explode all balloons

Move in your area and touch the 5 balloons with your hands to explode them. Don't hesitate to walk to reach your target, but do not cross the blue grid.

2/7

Alignez le laser sur le premier diaphragme

Alignez le laser sur le premier diaphragme avec le premier miroir. N'oubliez pas que vous pouvez utiliser le bouton "Zoomer" sur les diaphragmes et le bouton "Ralentir" pour augmenter votre précision.
